Intimate and Captivating: tAKiDA Release Physical Version of *Boxroom Tour – Live At Tonhallen In Sundsvall*

tAKiDA, one of Sweden's most successful rock bands, will release their most recent live album, ***Boxroom Tour – Live At Tonhallen In Sundsvall***, in exclusive physical formats – out November 28, 2025 via Napalm Records. Recorded in 2024 and originally released in digital format earlier this year, the album captures the electrifying energy of their live semi-acoustic performances across 19 powerful tracks – the Boxroom versions. These versions are reimagined with a softer yet strikingly powerful approach and add fresh dimension, creating an intimate atmosphere enriched by lush strings and warm horn arrangements, all accompanied by soaring melodies and powerful vocals that have made **tAKiDA** a dominant force in rock.

Since forming in 1999 and breaking out with their debut album, **tAKiDA** has ruled the Swedish rock scene with six platinum singles (including one of them 4x platinum), three platinum albums, and five #1 albums. Their success has also crossed borders: their most recent studio album, ***The Agony Flame*** (2024), marked their highest German chart entry yet (#8), while its lead single “*The Loneliest Hour*” hit #1 on the German Rock Airplay Charts. ***Boxroom Tour – Live At Tonhallen In Sundsvall*** takes the audience on a journey through **tAKiDA**'s successful discography, from introspective “*Jaded*” (originally released on their first album ***...Make You Breathe***, 2006) to hits like “*Curly Sue*” (from ***Bury The Lies***, 2007), “*Master*” (from ***Sju***, 2019), and “*You Learn*” (from ***The Burning Heart***, 2011), all the way to deeply emotional “*Feel You Falling Away*” (from ***Falling From Fame***, 2021). The unique atmosphere of the Boxroom versions, enhanced by strings and soft choir, enhances beloved songs in a never-before-heard way.

Boxroom Tour – Live At Tonhallen In Sundsvall brings a new side of **tAKiDA** to our living rooms. Intimate, gentle, and effortlessly captivating, the Swedish rockers showcase what took them to the top of their home country's rock scene and onto international stages alike.
