### THUNDERMOTHER Reveals *Live'n'Alive* – 100% Live, 100% Rock'N'Roll!

Swedish rock'n'roll powerhouse **THUNDERMOTHER** is set to unleash a thrilling new live album, *Live'n'Alive*, out digitally on April 17, 2026 and physically July 10, 2026 via Napalm Records! Founded in 2009 by guitarist Filippa Nässil, the band is well-known for their electrifying rock anthems and relentless touring – some live highlights include supporting the legendary Scorpions both in North America and Europe, playing the KISS Kruise and performing regularly at major festivals such as Wacken Open Air. In 2025, **THUNDERMOTHER** unleashed their highly acclaimed sixth album, *Dirty & Divine* – their first with the new lineup consisting of Filippa Nässil, vocalist Linnéa Vikström Egg, returning bass player Majsan Lindberg and drummer Joan Massing – hitting the top 3 on the Official German Rock/Metal Charts. *Live'n'Alive* was recorded on the European headline tour that followed – this hefty 19-track offering showcases **THUNDERMOTHER**'s explosive live energy through their 2025 setlist.

*Live'n'Alive* cuts through the band's catalogue, delivering high-energy live versions that encapsulate the band's true rock'n'roll spirit, from powerful reimaginings of classic **THUNDERMOTHER** hits to newer tunes. Anthemic opening track “*Can You Feel It - Live in Cologne*” (originally from the newest studio offering) kicks the album right off, followed by equally energetic “*Loud and Free - Live in Cologne*” (from *Black and Gold*, 2022 – #6 on the Official German Album Charts!). Further highlights include the groovy “*Whatever - Live in Gothenburg*” (originally from the 2018 album *Thundermother*) as well as the catchy “*Speaking of the Devil - Live in Huskvarna*” (from the 2025 album). **THUNDERMOTHER** wraps the album up impactfully with a new version of their biggest hit “*Driving In Style - Live in Huskvarna*”, originally from the 2020 success record *Heat Wave* (#6 on the Official German Album Charts).

With no backing tracks, overdubs or re-recording of instruments, *Live'n'Alive* makes no compromises. This is **THUNDERMOTHER** – 100% live, 100% rock'n'roll!
