Symphonic metal pirates **VISIONS OF ATLANTIS** unveil a monumental new orchestral album, ***Armada – An Orchestral Voyage***, out February 6, 2026 via Napalm Records! The band's latest studio albums, ***Pirates*** (2022) and ***Pirates II – Armada*** (2024), were well-received by their ever-growing loyal fanbase and critics alike, with the latter entering the top 5 on the official German and Austrian album charts. In 2025, they celebrated the ***Pirates*** era with ***Armada Live Over Europe***, which entered charts internationally despite being a live release. Now, **VISIONS OF ATLANTIS** sails on through, showing the depth of ***Pirates II – Armada*** in a whole new way – the album is now reimagined with a completely new instrumental mix on ***Armada – An Orchestral Voyage***, perfect as a soundtrack for your gaming nights, for your adventure books or even for a moment of relax!

On ***Armada – An Orchestral Voyage***, the vocal melodies of ***Pirates II – Armada*** are innovatively played with a vast variety of orchestral instruments, including atmospheric flutes (by Sandro Friedrich), dramatic violin (by Fabio Polo from Elvenking) and even ancient instruments like the Duduk, allowing the listener to immerse themselves in this beautiful sea of sounds. Vivid soundscapes carry the album like the dramatic waves of the ocean, shifting through multifaceted emotional settings. From the epic opener *"To Those Who Choose to Fight"* to mid-album highlights such as the hauntingly beautiful single *"Ashes to the Sea"*, and finally to the impactful closing track *"Where the Sky and Ocean Blend"*, this magnificent journey spanning over 12 tracks is not to be missed.

This instrumental pirate metal masterpiece was produced, mixed and mastered by **VISIONS OF ATLANTIS** vocalist Michele Guaitoli. The striking cover artwork crafted by accomplished artist Peter Sallai fits the cinematic atmosphere of the album perfectly. ***Armada – An Orchestral Voyage*** will be available in several exciting editions, with bundles including a thrilling **VISIONS OF ATLANTIS** adventure game, D20 Dice, and manual, designed for Aureus Aestus by Wyrd Edizioni, and gorgeous A5 character prints, drawn for Aureus Aestus by Mirco Paganessi. Soon after the release, **VISIONS OF ATLANTIS** is set to embark on yet another extensive journey - the 'Pirates & Kings' European co-headline tour with label mates Warkings.
